

Community Statement to Endorse

OneFam's Last Stand on Historic 7th Street:
Maintain community control of historic neighborhood space

We stand with OneFam against eviction!

OneFam is a space operated by working class mostly people of color, where folks feel welcomed and included. The displacement of black and brown residents and businesses by more affluent white residents is now the norm everywhere, including the once vibrant 7th Street. OneFam is the last pre-gentrification business in this area, and is being illegally and unjustly evicted.

OneFam/Bikes 4 Life and 7th St Rev Cafe are important to the local community.

We want the eviction process to be stopped and for landlord Arnold Fields to sit down with OneFam to work out a plan so they can stay in their space and business and so he can be compensated for his investment.

We want OneFam to stay and continue to operate.

Sincerely, the undersigned,
