Values

sudo room is an open, collaborative community of creators and practitioners working toward positive social change. **sudo room** values:

1. Open, public discourses over closed, proprietary processes.
2. Access and transparency over exclusivity.
3. Solving real problems over hypotheticals, while respecting visions of the future.
4. Community and collaboration over isolation and competition.
5. Human judgment over automation and efficiency.
6. Do-ocracy over bureaucracy.
7. Safe space over ideology.

Safe Space Policy

While Sudo Room strives to be radically inclusive, we are also committed to creating a safe space:

"A place where anyone can relax and be fully self-expressed, without fear of being made to feel uncomfortable, unwelcome, or unsafe on account of biological sex, race/ethnicity, sexual orientation, gender identity or expression, cultural background, age, or physical or mental ability; a place where the rules guard each person's self-respect and dignity and strongly encourage everyone to respect others."

— Advocates for Youth via Wikipedia

Get in touch!

- Come to a weekly meeting, Wednesdays starting at 7pm.
- Call the sudo room phone: 510.858.7145
- Join a mailing list: http://lists.sudoroom.org
- Chat with folks online: https://sudoroom.org/chat
- Come to an upcoming event: https://sudoroom.org/calendar

Become a member!

Member dues are sliding scale. Lockers available for $30/month. Visit https://sudoroom.org/membership to learn more!

Projects:

- **Sudo Mesh** is creating a free wireless network for the East Bay, made of point-to-point connections between routers mounted on homes: https://sudomesh.org
- **Oakland Wiki** is a free website about Oakland that anyone can edit, with over 4700 entries on Oakland neighborhoods, historic places, local events & more: https://oaklandwiki.org
- We are powered by **Sudo Mate –** a delicious caffeinated yerba mate soda. It's open source! and often available for donation in our fridge: https://sudoroom.org/wiki/Sudomate
- The **Sudouino** is an Arduino-derived microcontroller clone kit designed with the hardware hacker in mind: https://sudoroom.org/wiki/Sudouino
- The **Desktop Biolab** is a microbiology laboratory kit for hacking on biology at home: https://omgbio.com

Meetups and Events:

- **Today We Learned:** Experiments in co-learning – share what you're working on & learn together! Saturdays from 2-5pm http://pad.riseup.net/p/twl
- **Cryptoparty**! Workshops on securing your laptop and phone every Third Sunday from 2-5pm. User & Developer tracks. Newbies welcome!
- The **Timelist Group** hosts monthly training and discussion about ending violence in the community, substance abuse and mass incarceration.
- **Leather & Craft Workshop** every First and Third Monday from 7-10:30pm
- **Morning Math Jam** – all levels welcome! Improve focus and intuition around problem-solving using math, every Tuesday and Thursday morning from 9-11:30am.
- **East Bay Javascript Meetup** every Thursday starting at 7pm: http://www.meetup.com/EBJavaScript
- **Art Murmur Afterhours** – come by Sudo Room after Oakland's monthly First Friday Art Murmur for music, tours and hacking!
